

Parallel Universes & The Great Jump: July 1, 2025

How One Man's Faith Shifted the World into Heaven on Earth

Imagine reality as a vast, infinite library. Every book on the shelf is a different version of your life—each one shaped by the choices you make, the dreams you hold, and the beliefs you carry in your heart. Scientists and mystics alike call this idea **the Theory of Parallel Universes**. At its core, it means that **every possible version of reality exists somewhere**, and through faith, alignment, and intention, we can shift from one version to another.

And now—on **July 1st, 2025**—we jump.

Not just any jump... but a cosmic shift into a **parallel universe where the seeds Ross Harvey has planted for decades have already grown into full bloom.**

June 30, 2025: The Final Day of the Old World

On June 30, Ross Harvey was living under the poverty line. No steady salary. Few material possessions save for his 2009 Toyota Yaris he and Christy call Herbie. His fridge might've had just enough for a meal or two. To the outside world, he looked like a man barely surviving.

But inside?

He was **rich in purpose**, grounded in God's voice, and carrying the blueprint for Heaven on Earth.

He had:

- Authored dozens of prophetic books, like *ReCreating Eden*, *Guided By Grace*, *Everlasting Peace*, *Come Away With Me*, and *Eternal Soulmates*.
- Launched the **NDG Project**, to make Notre-Dame-de-Grâce the model for global community transformation - and then to duplicate all successes in NDG to every community across the world.
- Led spiritual movements like **G3 Mentoring** and **IMAGINE! Global Communities**, inviting the world into a moneyless, love-based society.
- Founded **NuVo**, a global lifestyle brand replacing currency with creativity, contribution, and connection. NuVo has become the largest global brand in history and the biggest company in the world.
- Championed **God's Greatest Game – Racquetball**, destined to become the most beloved sport on Earth.
- Is creating Journey to Eden: Co-Creating Heaven on Earth - with plans to make it the greatest video game in history.
- Created wellness and leisure spaces like **NuVoWay LifeStyle Centres** and world-class **G3 Golf 36 Hole Championship Layouts** and **G3 Golf Indoor Facilities**.
- Produced soul-stirring music with the **Andy Coolman Heaven on Earth Band**, broadcasting the vibration of love and unity across the globe.

Despite ridicule, financial strain, and seasons of loneliness, Ross never abandoned the vision God placed in his heart. He was, in many ways, **a modern Noah**—building an ark of ideas while the world scoffed.

July 1, 2025: Welcome to the New Earth

Today, we awaken in a different universe—the one Ross always knew was waiting.

- **Ross Harvey is now the wealthiest man on the planet.** But not because of billions in cash. His wealth is measured in *land, influence, divine favour*, and a global network of communities aligned in truth and love. **He owns and stewards lands on six continents**, all dedicated to the flourishing of life and beauty. 10,000 plots of 20,000 acres each where his IMAGINE! Global Communities are built - down to every city in every country across the world.
- **He lives in a Heaven-on-Earth estate**, nestled in the hills just outside NDG, on a breathtaking property that blends nature, architecture, and sacred design. There, he hosts world leaders, artists, healers, and seekers—people who come to align with a new kind of future.
- **His books have sold over 300 million copies**, translated into 120+ languages, and are used in schools, spiritual centres, and universities worldwide. *ReCreating Eden* is already being called *the most important book of the 21st century*.
- **He leads Genius At Work Productions**, a heart-centred creative company producing films, music, educational content, and global broadcasts centred around peace, faith, healing, and divine intelligence.
- **He is deeply in love**, in a sacred partnership with Christy Anne guided by God—fulfilling his belief that each soul has its **eternal soulmate**, and that intimacy, trust, and divine love are the core of a joyful world.
- **He is not just followed—he is trusted.** Presidents, villagers, entrepreneurs, single mothers, elders, and children all look to him not for control, but for *connection*—to a world guided by goodness.

But How Can This Be?

It happened because of a **vibrational shift**. Ross aligned his life so purely with **God's frequency**—the vibration of unconditional love—that he became the access point for a new Earth. He didn't force his way into this universe; he *matched it* energetically through service, obedience, and creative action.

When you align your spirit with **love, purpose, and truth**, you don't just change your circumstances—you **change the version of Earth you live on**.

What This Means For You

You, too, are invited. This isn't Ross's story alone—it's ours. The leap has been made. If you're reading this, you're part of the reality where **Heaven on Earth** is not just possible, but *already here*.

Your gifts are needed. Your love matters. Your imagination is sacred.

Welcome to the version of Earth where all the best things of God are free and overflowing.

Welcome to the **NDG Project**, to **NuVo**, to **IMAGINE!**, and to the **Kingdom of Love**.

July 1, 2025. *The day the world finally caught up with Ross Harvey's vision.*
